Re: Bruce Loan

Charlene & Sheila,

I wanted to thank you both for doing all that you did to process my loan. I didn't think I could do it, and without your help I probably could not have. You saved me the time and trouble of applying to several banks, and made the process so easy and smooth. And that meant a great deal to me; with my mother passing I just didn't have the energy or mental state to do it.

So Thank You, Thank You, Thank You so very much

Bless You

Toni
