Re: My credit and Loan

Dear Jacob,

I wanted to take a moment to express how grateful I am for all that you and your staff have done for me. After my medical problems and the mounting bills I became very discouraged about my situation.

I consulted with dozens of people who all seemed to have their own best interest in mind until I met you. From the outset, you gave me clear and concise information about my options.

I thank you for keeping to your commitments and settling my accounts with my creditors. Thank you for arranging a great loan for me given my dire situation and most importantly, thank you for helping me gain control of my financial affairs.

I will be passing on your information to everyone I know as it is rare to find someone with your level of expertise and integrity.

Yours truly,

Anthony Rodriguez
